

HIGH PRODUCTIVITY HORIZONTAL  
MACHINING CENTER

# NHP

4000 • 5000 • 5000S

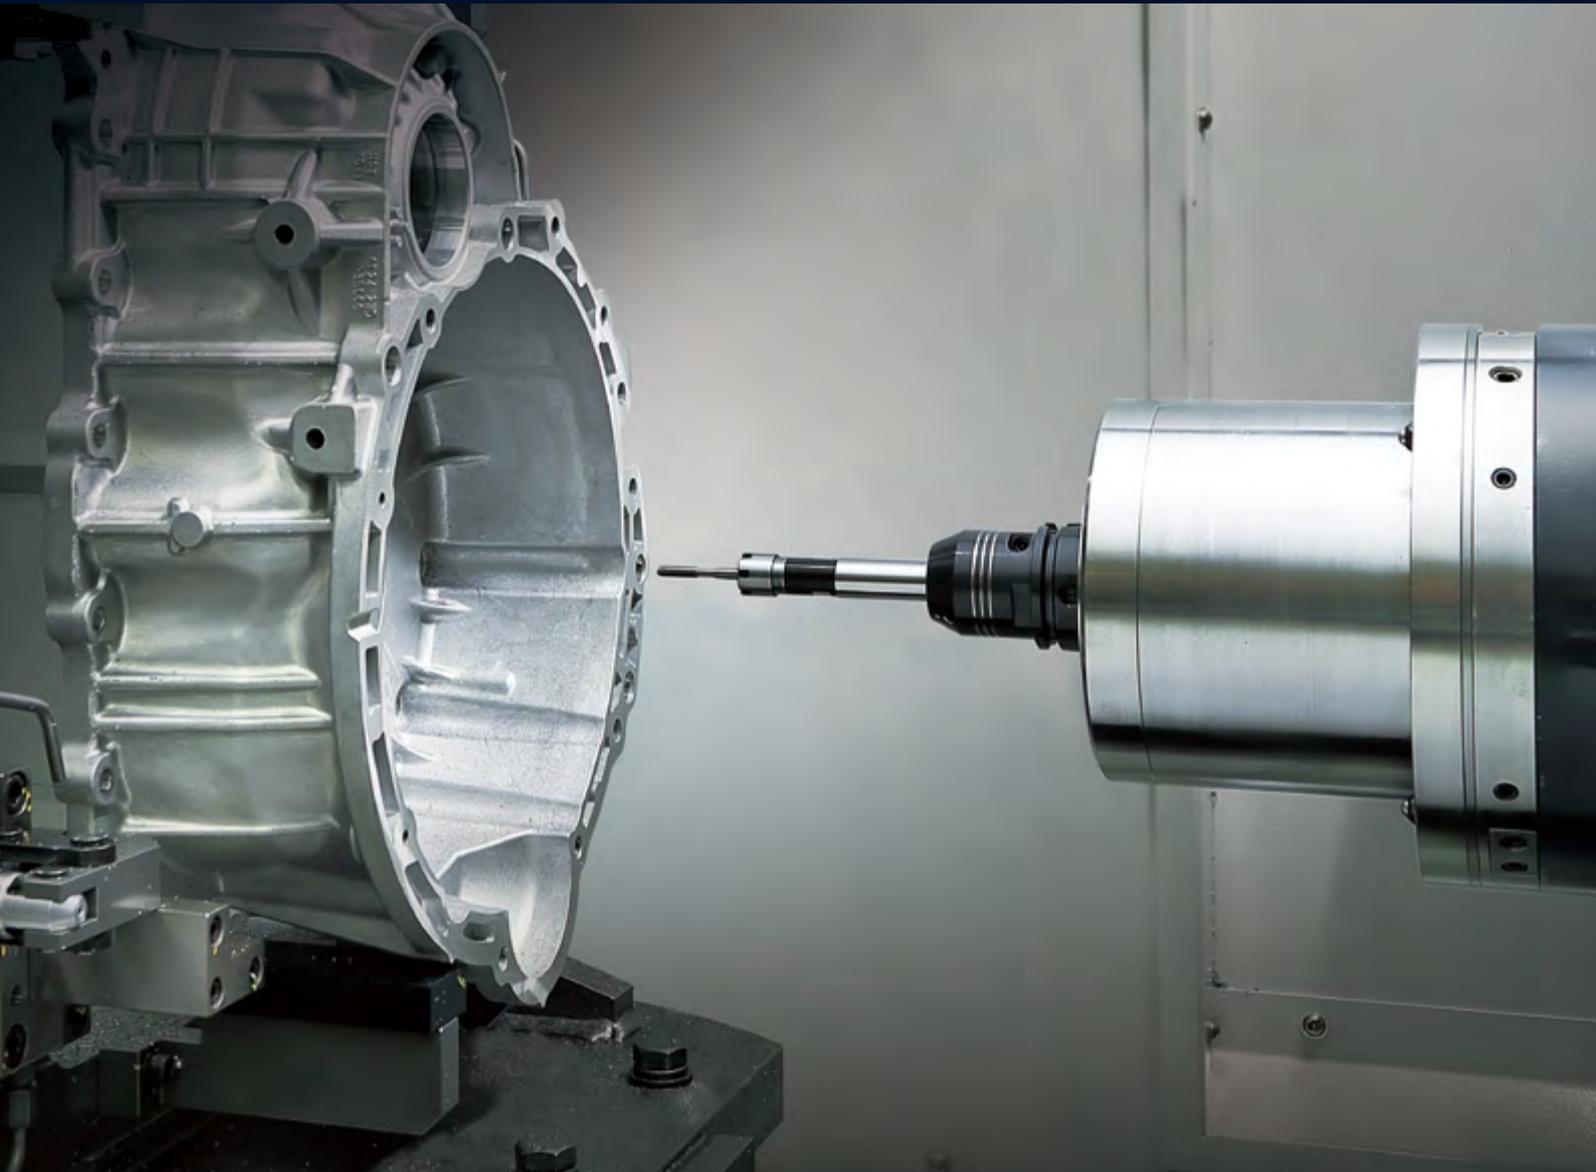

# NHP 4000 • 5000 • 5000S

---

NHP 4000/5000 horizontal machining centers, with their stable structures, thermal compensation systems and ability to minimize non-cutting time, deliver unrivalled accuracy and productivity. With grease lubrication used for all ballscrews, the machines are also eco-friendly and are the number one choice for manufacturers machining small and medium sized components.

### IMPROVED PRODUCTIVITY BY REDUCING NON-CUTTING TIME

- 15000/20000 r/min high speed built-in spindle
- Axis acceleration/deceleration rates of 1G, plus high-speed disc type tool magazine

### RELIABLE AND COMPACT MACHINE

- Proven reliability through multi million test cycles
- Grease lubrication prevents coolant contamination
- Three point bed support structure (No foundation work, minimum installation time)

### VARIOUS FUNCTIONS ARE APPLIED TO ENSURE HIGH PRECISION

- Spindle thermal compensation system as standard
- Spindle, ballscrew and bearing cooling system as standard

# BASIC STRUCTURE

Provides large machining area and three types of table (index, worm/wheel drive, direct drive)

## Travel distance (X x Y x Z-axis)

NHP 4000

**560 x 640 x 660** mm

22.0 x 25.2 x 26.0 inch

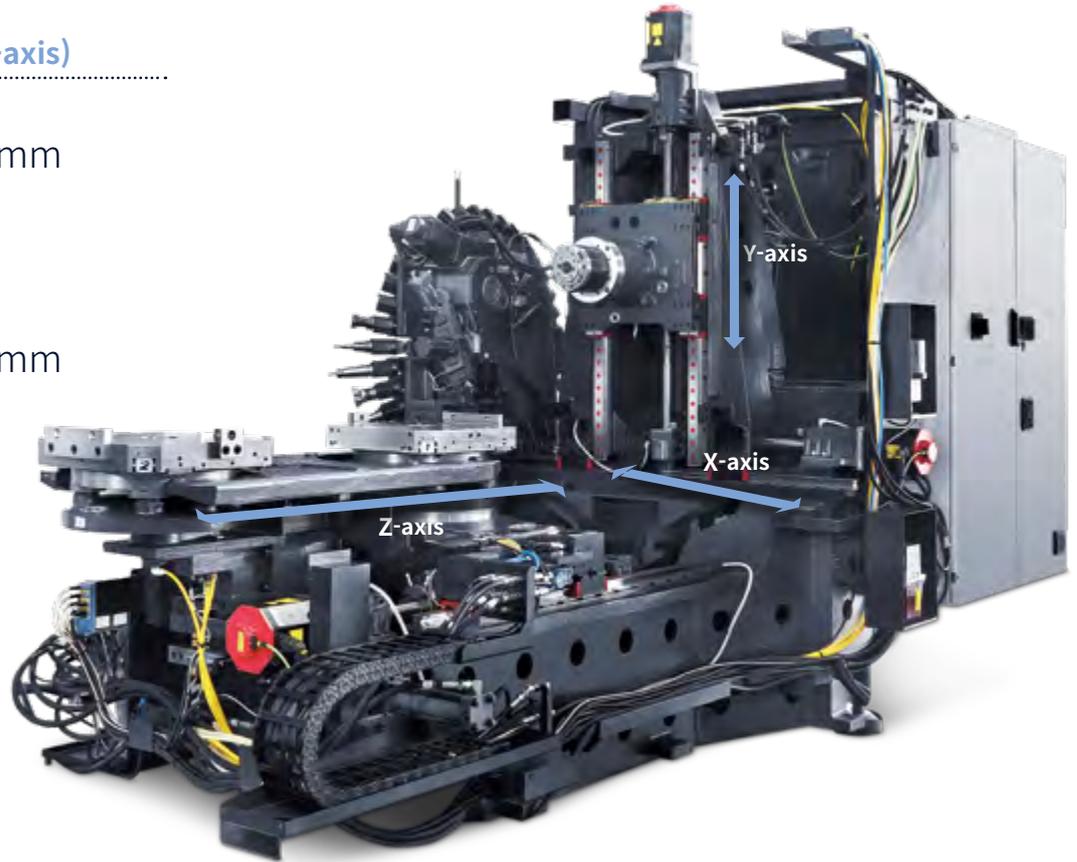

(10% increase over previous model)

NHP 5000

**730 x 730 x 880** mm

28.7 x 28.7 x 34.6 inch

(10% increase over previous model)

**3-point support bed structure provides stability and stiffness.**

Eco-friendly grease lubrication is applied to all axes as standard and high speed servo motors are installed to improve productivity.

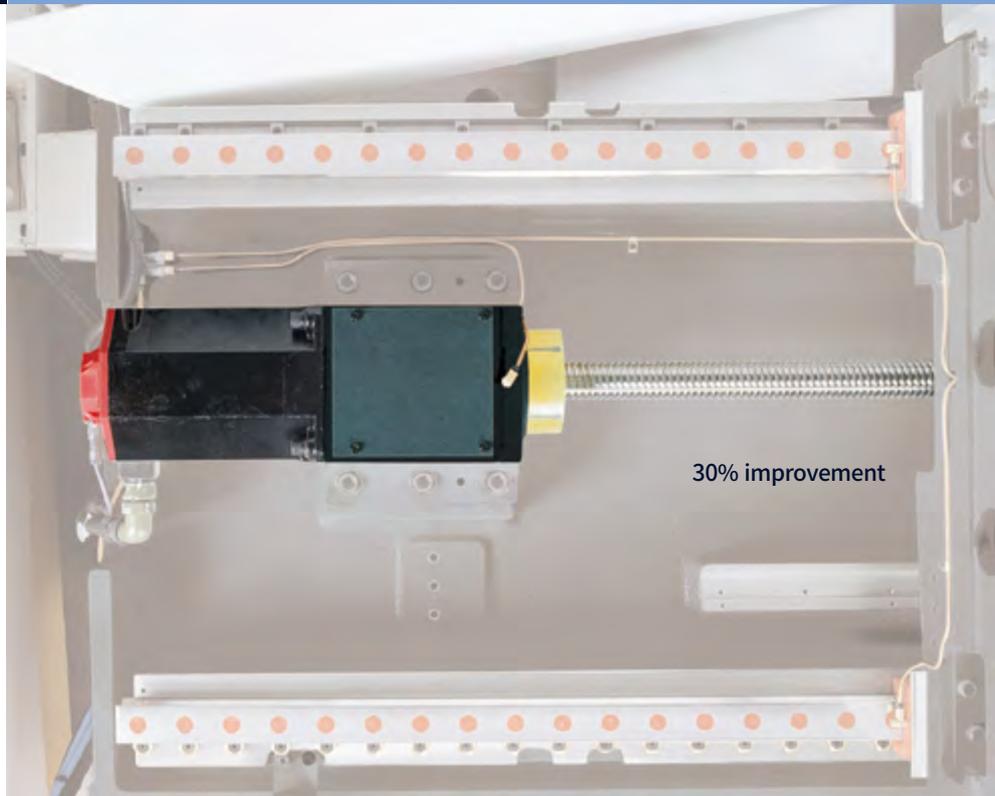

## Rapid traverse rate (X / Y / Z-axis)

NHP 4000

**1G / 1G / 1G**

NHP 5000

**0.9G / 0.8G / 0.8G**

# SPINDLE

High-speed built-in spindle supplied as standard. Benefits include -: noise and vibration reduction, improved accuracies and finishes, longer tool life and increased productivity. In addition, tool change errors are minimized by a tool check analog sensor.

## Max. spindle speed

**15000** r/min

**15000** r/min

**20000** r/min

## Max. spindle motor power

**30** kW 40.2 Hp

**37** kW 49.6 Hp

**37** kW 49.6 Hp

## Max. spindle motor torque

**230** N·m 169.7 ft-lbs

**303** N·m 223.6 ft-lbs

**221** N·m 1633.1 ft-lbs

# TABLE

Provides large machining area and three types of table (index, worm/wheel drive, direct drive)

## Max. workpiece

NHP 4000

**ø630 x H900** mm (A 10% increase over previous model)  
24.8 x 35.4 inch

NHP 5000

**ø800 x H1000** mm (An 8% increase over previous model)  
31.5 x 39.4 inch

## Max. workload

NHP 4000

**400** kg (881.8 lb)

NHP 5000

**500** kg (1102.3 lb)

**700** kg (1543.2 lb)

## 90 degree indexing time

Previous model

1.9 sec

NHP series

1.4 sec

↶ **26** % Improved

# CUTTING PERFORMANCE

The NHP Series realizes excellent machining performance thanks to its improved structure and comprehensive tooling system.

## Higher cutting power

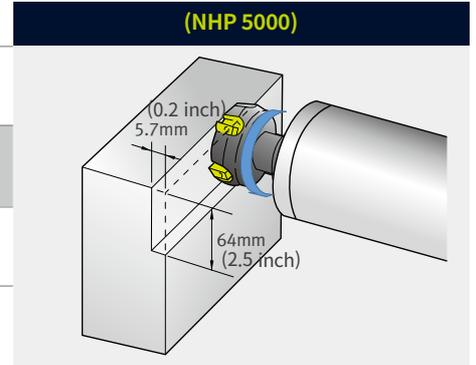

Heavy-duty machining can be carried out with speed and accuracy.

### NHP series

Face Mill\_Carbon Steel (SM45C) [ø125mm(4.9inch) Face mill (8Z)]

	Machining rate	Spindle speed	Feed rate
NHP series	788 cm <sup>3</sup> /min	1200 r/min	2160 mm/min

\* The results presented are provided as an example only. Different cutting and environmental conditions may well give different results.

## High productivity

### Productivity test

# 18 % Improved

# DN SOLUTIONS MULTI PALLET SYSTEM

**NHP 4000** · 5000 LPS, RPS & Single pallet system

DN Solutions's linear pallet system (LPS), round pallet system (RPS) and single pallet system provide customers with a choice of proven automation solutions.

EXPANDABLE

### Features

- An optimized space-saving design - available at a competitive price
- Optimized AGV of Single Mast & Single Fork Structure
- Simple one-piece installation
- Easy retrofitting to DN Solutions horizontal machining centers
- User friendly intuitive way to register basic information for flexible manufacturing

Simplify AGV

**15 %**  
Reduced length

Improved Cycle Time

**32 %**

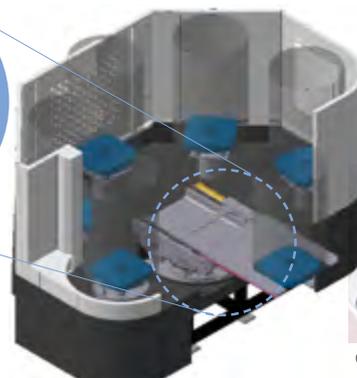

Reduced footprint

**10.8 %**

LINEAR PALLET SYSTEM

Optimized carrier  
Fork with Telescopic Mechanism

Optimized Design for Space Saving

### Features

- An optimized space-saving design - available at a competitive price
- Telescopic fork-like mechanism LPS II
- Simple installation and easy maintenance
- Easy field retrofit to DN Solutions HMC

ROUND PALLET SYSTEM

### DN Solutions linear pallet system (LPS 4000/5000)

LPS 4000/5000 are compact and cost-competitive multi-pallet automation systems designed to deliver high-productivity in a compact footprint. Different pallet sizes are available (400mm x 400mm/ 15.7 inch x 15.7 inch), and (500mm x 500mm/ 19.7 inch x 19.7 inch).

### DN Solutions round pallet system (RPS 4000/5000)

This slim, compact multi-pallet system is designed for new 40 taper horizontal machining centres.

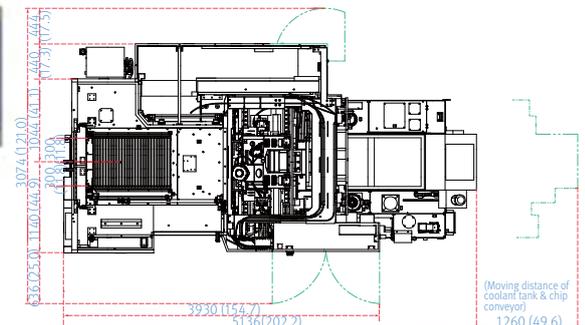

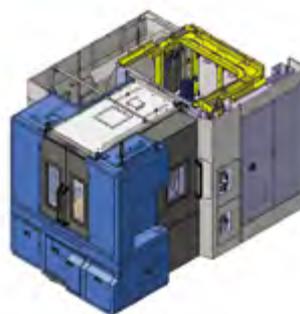

### DN Solutions single pallet system (NHP 5000S) option

Single table solution that is compact and easy to use.

### External dimensions

SINGLE PALLET SYSTEM

# FANUC 31i PLUS

Fanuc 31i Plus maximizes customer productivity and convenience.

## 15" Touch screen + New OP

DN Solutions Fanuc 31iB/B5 Plus' operation panel enhances operating convenience by incorporating common-design buttons and layout. It features a Qwerty keyboard for fast and easy data input and operation.

## Fanuc 31i Plus

- 15-inch color display
- Intuitive and user-friendly design

## USB and PCMCIA card QWERTY keyboard

- EZ-Guide i standard
- Ergonomic operator panel
- 4MB Memory
- Hot keys
- Enhance AICC BLOCK
- Touch pen provided as standard

## iHMI touchscreen

iHMI provides an intuitive interface that uses a touchscreen for quick and easy operation.

## Range of applications

Providing various applications related to planning, machining, improvement and utility, for customer convenience.

# EZ WORK

The software developed by DN Solutions features numerous functions designed for convenience and ease of operation.

## EZ work

The EZ work package delivers speed and efficiency. This menu-driven innovation not only helps customers reduce setup times, but also simplifies common tasks and procedures, reducing the potential for errors. EZ work reduces operating time, protects machinery, enhances quality and speeds up maintenance interventions.

## Tool support functions

### Tool management I

- Tool magazine control
- Tool state display
- Fastems Tool Add/Remove Function

**option**

### Tool management II **option**

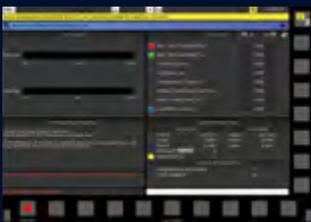

- Tool magazine control
- Tool life management
- Tool life prediction • Tool state control
- Balluff Tool ID function

### Tool load monitor **option**

- Detection of tool damage
- Detection of abnormalities during operation
- Detection of no-load air cutting

## Productivity improvement functions

### Adaptive Feed Control

Function to control feedrate so that the cutting can be carried out at a constant load

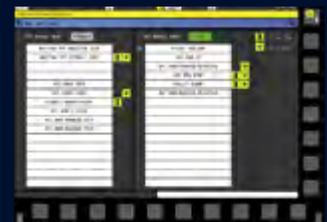

### APC Setting Screen

A simple automation function that supports automatic processing of the next pallet by setting the processing program for each pallet of the equipment including APC in advance

### Work Load Control

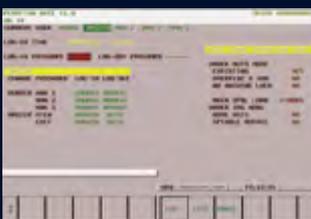

Optimal machining values can be automatically entered into parameters according to the weight of the workpiece placed on the table

### PMC Soft Panel Switch

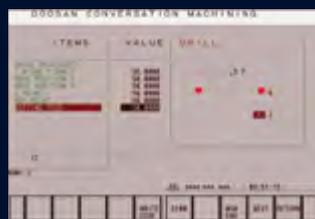

Manual operations that occur continuously in each stages for APC,ATC change command

## Operation support, Help desk functions

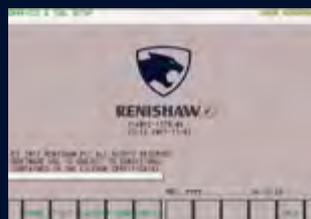

### Operation rate

- Measure various machine operating rate
- Support 3 shift operation
- calculate and save 30 days operating rate
- Show data for a specific period

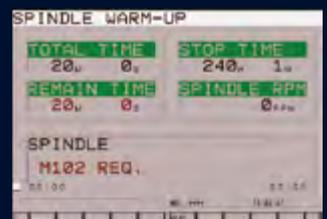

### Pattern Cycle

A function to automatically create frequently used part programs.

### Renishaw GUI

Renishaw tool length measuring and compensate function

### Spindle Warm Up

A function that assists spindle warm-up for spindle life when the spindle has not been used for a certain period of time

# CONVENIENT OPERATION

## Siemens 840D

### 15.6" screen + new operation panel

The newly-designed operation panel improves the customer convenience by incorporating and using common-design buttons and layouts, and includes the familiar QWERTY keyboard for fast and easy operation.

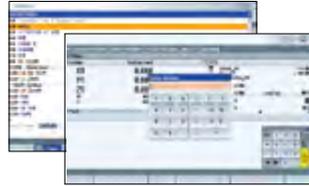

- 15.6" display
- 10MB high capacity user memory
- USB & ethernet (standard)
- QWERTY keyboard (standard)
- High-speed calculation and simulation can be fulfilled by improved processor functionality

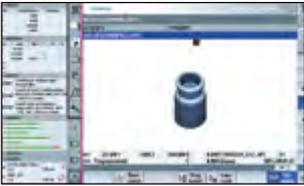

### Conversational convenient function

Simulation and machining contour monitoring

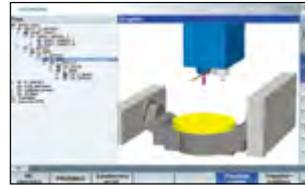

Smart function

Side screen widget

5-axis kinematic measuring cycles

3D collision avoidance and collision avoidance ECO

Shop mill part programming

\*\*Please contact DN Solutions to select NHP 5000S.

The DN Solutions promise, MACHINE GREATNESS, has two important meanings. The first is simple: DN Solutions makes great machines. The second is a challenge to our end-users. With a product line that is this comprehensive, accurate and reliable, we equip our customers to machine greatness. The big question: **Why should you choose DN Solutions over other options?**

Here's why...

**MACHINE  
GREATNESS™**

WHAT YOU MAKE AND HOW YOU MAKE IT MATTERS—SO MAKE IT  
GREAT WITH DN SOLUTIONS.

### UNBEATABLE MACHINES

You won't find a more comprehensive range or a better combination of value, performance and reliability anywhere else.

### ROBUST PRODUCT LINE

We offer an impressive range of machine models and hundreds of configurations. Whatever your machining needs and requirements, there's a DN Solutions for you.

### READILY AVAILABLE - ANYWHERE IN THE WORLD

Machining centres (including 5-axis machines), lathes, multi-tasking turning centres and mill-turn machines, and horizontal borers with best-in-class specifications are all available...ready to install.

### EXPERT SERVICE

Our dedicated, experienced and knowledgeable team is totally committed to improving your productivity, growth and success.

# RESPONDING TO CUSTOMERS ANYTIME, ANYWHERE

## DN Solutions Global Network

DN Solutions provides systems-based professional support services, before and after the machine tool sale, by responding quickly and efficiently to customers. By supplying spare parts, product training, field service and technical support, we provide the expert care, attention and assistance our customers expect from a market leader.

Global sales and service support network		<b>51</b>	<b>Technical centers</b> Technical center, Sales support, Service support, Parts support
<b>4</b>	<b>Corporations</b>	<b>200</b>	<b>Service posts</b>
<b>155</b>	<b>Dealer networks</b>	<b>3</b>	<b>Factories</b>

## CUSTOMER SUPPORT AND SERVICES

**We're there for you whenever you need us.**

We help our customers operate at maximum efficiency by providing them with a range of tried, tested and trusted services - from pre-sales consultancy to post-sales support.

### Field services

- On-site service
- Machine installation and testing
- Scheduled preventive maintenance
- Machine repair service

### Parts supply

- Supplying a wide range of original DN Solutions spare parts
- Parts repair service

### Training

- Programming, machine setup and operation
- Electrical and mechanical maintenance
- Applications engineering

### Technical support

- Supports machining methods and technology
- Responds to technical queries
- Provides technical consultancy
